

Recessed LED downlight. Body and radiator made of die-cast aluminium. Reflector made of faceted aluminium.

Light source:

LED

Optics:

GLC 80%

60°

Protection rating:

IP44

On request:

DALI

Colour:

LED Flux	Light source	Power
2500lm	LED	20W
3300lm	LED	29W
4350lm	LED	35W

The above values are standard parameters. Possible to adjust luminaire flux to project requirements. Power values are valid for currently available LED modules generation and will be reduced with development of technology.
